

transcript17_g

cript17_ptro

A network diagram showing interactions between eight transcript nodes. The nodes are represented by blue circles and are labeled as follows: transcript10_hsap, transcript15_ppa, transcript19_ppa, transcript10_ppa, transcript14_ggor, transcript9_ggor, transcript10_ggor, and transcript9_ggor. The nodes are interconnected by black lines, forming a complex network structure.
